GONE DOWN IN ASHES

Fifty-Five Buildings Burned at Jacksonville, Fla.

LOSS OVER HALF A MILLION.

An Explosion of Dynamite Which Injures A Number of People Causes the Fire to Become Uncontrollable and the Flames Are Only Stopped for Want of Material. Losses by Fire at a Number of Other Places.

JACKSONVILLE, Fla., Aug. 19.—A half million dollar fire yesterday destroyed fifty-five buildings, including Knight's crockery house, the Hubbard block, in which was located the Western Union telegraph office, and half a dozen other large concerns; Tremont hotel, Seminole club, Smith & Mattair's building, Hotel Placide, Chelsea House, Tilton House, McMurray & Baker's carriage warehouse, St. Joseph's convent, the Ritz-waller residence and Lloyd Brothers' crockery store. The buildings for four squares back from Bay street and a strip two squares wide, were burned.

The fire caught in R. D. Knight & Company's grocery adjoining the large Hubbard building, and in a very short time the block was a mass of flames. Then they were carried diagonally across to the Tremont hotel, thence to Colonel Burbridge's large block, in which the Seminole club is domiciled. The fire spread on all sides, being fanned by a stiff breeze that rose. The firemen worked heroically throughout, but nothing could stay the flames until exhausted for want of material. They were stopped at Beaver street on the north, at Laura street on the west, and at Ocean street on the east.

An explosion of dynamite in Forsythe street made the fire uncontrollable and injured many people, none seriously. The insurance is light. Many other buildings in the vicinity of the burned portion were badly damaged and some were completely gutted.

Fire Caused by Lightning.

ST. LOUIS, Aug. 19.—Lightning struck the J. H. Pocock can factory at 5 o'clock yesterday. The entire establishment was burned, causing a loss of over \$125,000. Insured for \$60,000. The flames spread to J. Wagoner's pickle and vinegar factory and caused a total loss of that structure. Todds & Stanley's mill and furnishing company's fourth floor was burned, loss, \$5,000. Covered by insurance.

The flames were beyond control in two minutes, and the immense Pocock establishment was enveloped in flames within five minutes after the bolt had struck it. The firemen then tried to save adjoining property, and finally succeeded in checking the progress of the fire. Several of the firemen narrowly escaped being burned to death. No lives were lost.

DESTRUCTIVE BLAZE AT CAMBRIDGE, MASS. BOSTON, Aug. 18.—Cambridge was visited yesterday by a destructive fire. The Damon Iron works are now a mass of ruins. The building was owned by Mr. Damon, and was valued at \$50,000. The two-story wooden structure adjoining the Damon building, and owned by Mr. Damon also, and leased to Edward Kendall & Company, machinists, also succumbed to the flames. The entire loss of the Damon Safe and Iron company will approximate \$200,000, on which there is but a partial insurance. In the Kendall shops \$20,000 worth of patterns were destroyed, and the stock and machinery ruined, were valued at \$60,000. There is \$50,000 insurance. The men employed in both places numbered about 250. A majority of these owned their tools, in many cases valued at \$100 to \$150.

SHAFT OF A LEAD MINE BURNING. LEADVILLE, Colo., Aug. 19.—The Louisville, a leading mine, and one in which St. Louis and Chicago capitalists are largely interested, caught fire last night from the explosion of a lamp, and the flames are still tearing their way through the shaft. It is stated that it can never be worked again, as it will be cheaper to sink a new shaft. This lays to waste a work that has cost in the neighborhood of \$50,000.

Heavy Loss at Boston.

BOSTON, Aug. 19.—The Putnam & Company bedding manufacturing house, 326 and 328 Congress street, with contents, was completely destroyed yesterday afternoon by fire. The building was a new one, costing \$100,000 and containing \$100,000 worth of stock. It was insured for \$71,000. The company employed one hundred persons, all of whom escaped. Mr. Putnam says his loss will be about \$100,000.

Caused by an Explosion.

ST. LOUIS, Aug. 19.—Yesterday morning at 5 o'clock an explosion in the Missouri Distillery company, corner Barton and Dekalb streets, set fire to their warehouse and damaged it to the extent of \$20,000. Charles Miller, the watchman, was badly burned.

Cavalry Troops Moved.

WASHINGTON, Aug. 19.—Yesterday Governor Toole, of Montana, was informed that, in compliance with the petition of citizens of Custer county, Mon., the cavalry detachment has been ordered from its camp on Tongue river to the Indian agency. In the opinion of the military commander this force will be sufficient to guard the interests of both Indians and settlers.

Foiled by Vigilant Officers.

COLUMBUS, O., Aug. 19.—Ed Blair, the Putnam county murderer, who is to hang early Friday morning, was foiled in an attempt to commit suicide. After Blair had been taken to the death cell, a knife and sheet rope and a brick were found in his bed. He refused to leave his accustomed place and was carried bodily.

BUREAU OF AMERICAN REPUBLICS.

Some Interesting Information Received from Central and South America.

WASHINGTON, Aug. 19.—Interesting information has been received by the bureau of American republics in regard to the Cacachara silver mines in Peru. The mines are situated about sixty miles from Puno, near the Bolivian boundary, and are 17,000 feet above the level of the sea. The region is full of silver ore, and the wealth lying there is reported to be incredible in extent.

All the mines are said to be good ones, but the Conception, Santa Rosa and Victoria mines are especially rich. The ore running 150 pounds to the cajon (a small box about four feet square). The vein in the Victoria mine is from five feet to six feet wide. There is a fine tunnel already 1,500 feet in length, where several veins of different width have been cut and where ore of a high class will be obtained. The sheds are now full of ores for export, will not fall below fifty pounds to the cajon, and the whole amount is estimated at 2,500 tons.

The Latin-American department of the Columbian exposition has information from Nicaragua which indicates that that republic has taken hold with vigor of the preparation of its exhibit at Chicago. The matter is in charge of the gentleman who superintended the exhibit of the republic at Paris, and he gives assurances that the exhibit on that occasion will be surpassed. Nicaragua will erect a building costing about \$10,000, and it is hoped that there will be a representation of the natives of the country according to habits, dress and trade. There will be a number of private exhibits.

The republic of Costa Rica has deposited \$800,000 in London to cover the interest on the public debt for the year 1891 due on Dec. 31.

During the month of June silver to the value of \$202,343 was received at the Mexican city Mazatlan from the interior of the state of Sinaloa. Many American miners are at work there with native Mexicans.

INDIANA TAX LAW.

The Bankers Will Fight It Through All the Courts.

INDIANAPOLIS, Aug. 19.—The state board of tax commissioners spent the entire day yesterday upon the question involved in compelling bankers to present statements of deposits in their banks April 1, the matter being discussed at executive session both morning and afternoon. From the beginning of the controversy a majority of the board has been in favor of prompt action and it has been reasonably certain from the start that the board would endeavor to enforce the law literally.

Yesterday the matter was brought to a square issue by a motion to reject the proposition made by the bankers Monday to await the issue of the cases now in the courts. The motion was discussed at length, the powers of the board were fully canvassed and the motion was then adopted and an order issued to each banker in the state to submit within ten days a complete list of his depositors and the sums to their credit at the beginning of the assessment year.

The bankers' committee held another meeting yesterday and heard a report of the proceedings had on Monday before the board. The committee claims to have consulted twenty-five lawyers in different parts of the state and to have received an opinion from each declaring against the law. The board will fine every banker refusing to submit the required statement, but no effort will be made to collect the fines till the appealed case is decided in the supreme court. The attorney general believes that the law is constitutional and he will have charge of the defense as the attorney of the state.

HONOLULU ADVICES.

A Steamer Brings a Few Items from the Hawaiian Islands.

SAN FRANCISCO, Aug. 19.—The steamer Zelandia arrived from Honolulu yesterday afternoon bringing the following advices:

Complete census returns show the population of the Hawaiian islands to be 96,080.

The queen is making a tour of the Capital island. She is being cordially received and royally entertained everywhere.

H. A. Widemann, minister of finance, has resigned owing to ill health, and has been succeeded by J. Mott Smith, an old resident, who was minister of finance in the reign of Kamehameha V, 1869, and minister of the interior in the late king's reign.

The extreme drought has been relieved by light rains.

An English bark has arrived at Honolulu on her way to the guano deposit on Laysan Island. She will take over 1,300 tons of guano to Hamburg.

Annexation to the United States is being agitated.

The queen dowager has been stricken with paralysis.

Natural Gas Explosion.

SHELBYVILLE, Ind., Aug. 19.—Mrs. Hacker, widow of the late William Hacker, met with a painful accident last evening. While attempting to light the natural gas, the match went out, and without turning off the gas, she walked across the room, procured another match, lighted it and put it in the stove. A terrific explosion followed, demolishing the stove and severely burning Mrs. Hacker's hands and face. Members of the family came to her relief and saved her from further injury.

Gamblers and Saloon Keepers Fined.

MANSFIELD, O., Aug. 19.—Gamblers and violators of the Sunday saloon law were soaked by Mayor Newton yesterday. The gamblers were fined \$50 and costs, and John Noggle, the proprietor of the Grand Central hotel, where the gamblers were captured, was fined more. The saloon keepers got \$20 and five days.

CABLE DISPATCHES.

Many People Drowned in an Australian Town

FLOODED BY A CLODBURST.

A Mountain Stream Changed Into a Ragging Torrent Sweeping Buildings, People, Stock and Everything in Its Path—Other Foreign News Items.

VIENNA, Aug. 19.—A dispatch from Botzen, an Austrian town at the confluence of the Tofler and Eisach, announced the partial destruction of the village of Kollman through a cloudburst. The cloud, it appears, burst over the mountains near Botzen, which is protected from the inundation by a strong dyke two miles in length.

The fall of water flooded the lowlands and converted a mountain stream into a torrent, which swept through the village of Kollman, carrying away men and cattle and destroying half the houses of that place. Many persons were drowned, and the Bremer railroad track was flooded.

Not a Political Move.

LONDON, Aug. 19.—A St. Petersburg dispatch states that the czar at first purposed the rye ukase, and, in fact, rejected the measure as first proposed, but finally approved it in its modified form, namely, as affecting only rye, rye meal, rye flour and rye bran; in other words, to products actually consumed by the Russian peasants and their cattle. The statement that the measure is a political one is strenuously denied.

Terrible Railroad Collision in Poland.

BERLIN, Aug. 19.—A terrible collision occurred yesterday at a point between Ostrowo and Loswitz, in Prussian Poland. Two passenger trains collided while going at full speed. The trains were terribly wrecked, and ten persons were killed and many injured. Coals from the locomotives set fire to the wreck, and some of the injured burned to death while men were striving to rescue them.

We Will Be the Chief Gainer.

LONDON, Aug. 19.—The Times says that with good weather for a fortnight the English wheat crop will be an average one. The same paper predicts that the purchases of central Europe will be equivalent to 8,000,000 quarters of rye, wheat, corn and potatoes. The chief gainer will be the United States, though England and India will have their share.

Our Fair Commission.

ZURICH, Aug. 19.—C. H. Grosvenor, of the Chicago fair commission, has arrived here to explain to the merchants of the city and vicinity the advantages of exhibiting at the fair. It is his second visit here. He reports having received satisfactory assurances from the merchants and government officials of Switzerland.

Child Murderer Hanged.

LEEDS, Aug. 19.—William Turner, who killed little Barbara Warehouse, and left her mutilated body in a sack in the street, was hanged here yesterday. He protested his innocence.

Will Represent Belgium at Chicago. BRUSSELS, Aug. 19.—Alfred Simonus, a large cloth manufacturer at Verviers, will be named by the Belgian government commissioner to the Chicago exhibition.

An English Execution.

LONDON, Aug. 19.—Sadler, who stabbed the paramour of his wife to death was executed Tuesday at Chelmsford.

SWEPT OUT TO SEA.

Eighty People Drowned at a Haytian Seaport.

PORT-AU-PRINCE, Aug. 19.—A terrible accident occurred here Friday. Recent storms had swollen the mountain streams and in consequence the river St. Mark overflowed its banks.

Several hundreds of the natives were assembled on the stone bridge over the river, watching the raging torrent, when the foundations became undermined by the water and the structure tumbled into the river, carrying the people with it. The fortunate ones managed to reach the bank after a hard struggle, but all of the others, some eighty in number, were swept along, and their dead bodies carried out to sea.

Ohio Politics.

COLUMBUS, O., Aug. 19.—Major McKinley and Governor Campbell have been visiting the county fairs and farmers' picnics for several weeks past and making little speeches, but the campaign proper will be opened by Major McKinley at Niles on Saturday next. Governor Campbell has been sick for a few days and has had to cancel his dates for this week. Senator Sherman makes his first campaign speech Aug. 26, at Paulding.

Printers Defeat Nine Hours.

INDIANAPOLIS, Aug. 19.—W. B. Prescott, president, and W. S. McClevey, secretary, of the International Typographical union, yesterday finished the count of the vote on the proposition to limit the working day to nine hours. The union has a membership of 39,813 and 12,896 votes were cast—9,340 for and 3,556 against the proposition. This lacks 332 of the required two-thirds majority.

Foiled the Old Folks.

COLUMBUS, Ind., Aug. 19.—Miss Ettie, daughter of John Cook, a wealthy farmer residing at Taylorsville, escaped from her father's residence during the early morning hours yesterday, and was married to John Wade, the son of a neighbor. The parents of the young girl are greatly opposed to the marriage, and will prosecute the clerk for issuing the license.

THE PRESIDENT'S TRIP.

He Arrives at North Bennington and is Enthusiastically Welcomed.

BENNINGTON, Vt., Aug. 19.—The Bennington and Rutland railroad ran a special train to North Bennington at 8 o'clock to meet the president's special. It was not to convey a reception committee, because the president had requested that there should be no reception, but to preserve order at the station. The squad of police from Troy under Sergeant Lane, which has been on duty here for two days, was taken to North Bennington and with them went the officials of the road and a number of special correspondents.

The waiting room at North Bennington was cleared and a line of policemen drawn up on each side of the platform to keep back the crowd. The president's train arrived at 8:30. General McCullough, who is to entertain the president during his stay here, boarded the president's car, accompanied by Dr. Webb, and presently they appeared at the door of the car, the president holding General McCullough's arm and Secretary Proctor following with Dr. Webb. Behind came the other members of the party. When the president appeared at the other end of the station he was greeted with prolonged cheering. He got into the carriage with General McCullough. Secretary Proctor followed and the party were driven to General McCullough's residence. There they found Attorney General Miller, who had arrived during the day.

At Albany the president was met and introduced to the assembled people by Governor Hill in a brief speech to which the president responded.

At Troy the presidential train was met by a large crowd. The train was obliged to wait ten minutes, to make connections with the Bennington (Vt.) train. The president appeared on the platform and made a brief speech.

RAILROADERS STRIKE.

Not a Freight Train Moving on the Lake Erie and Western.

INDIANAPOLIS, Aug. 19.—The strike on the Lake Erie and Western has extended to this city. All the passenger and freight brakemen went out yesterday and traffic is practically at a standstill. No freight trains or work trains are running, and it is expected that the whole road will be tied up.

Orders have been issued to agents not to accept at any time perishable freight, and the general manager is holding everything in abeyance till the arrival of the general officers.

Private advices received here state that all the engineers, foremen and switchmen on the Peoria and Pekin Union railway at Peoria and Pekin have gone out and every engine is in the round house, business being blockaded.

Not a Freight Train Moving.

BLOOMINGTON, Ill., Aug. 19.—Not a freight train is moving on the Lake Erie and Western road between Peoria and Lafayette. The crews here say they will not go back unless their demands are conceded. They claim that the traffic is very heavy, and the company compels them to work too much extra time.

TRANSC WOMEN IN A TENT.

They Claim to Have Personal Conversation with God.

ST. MARY'S, O., Aug. 19.—Religious circles in the vicinity of Harrodsburg, Ind., are all torn up over the strange actions and peculiar claims of three women who live in a tent about five miles west from that place. They have been near here since last March, and have by their unusual proceedings so well advertised themselves that hundreds of people visit them each week.

They fall into strange trances which are followed by quivering of the body and remarkable contortions of the features. While under this influence they mumble strange words and claim to have personal conversations with God. The people there do not know what to make of them. They lay in trances for hours, yet the strong excitement does not seem to affect their health. Their tent is daily crowded with curious people and there are not a few who really believe in them.

RELIGIOUS GATHERING.

Meeting of the Young People's Christian Union of the Universalist Church.

CLEVELAND, Aug. 19.—The first session of the Young People's Christian Union of the Universalist church was commenced in the Unity church on Bolivar street yesterday. At 10 o'clock the president of the union, Lee E. Joslin, of Michigan, called the delegates to order. Committees were appointed to report at a subsequent session. Mrs. Mildred Rahm Smith, of Pennsylvania, followed the business transactions with a paper on the "Ways of Promoting the Growth of a Society." Mrs. Smith gave some valuable suggestions and her paper was received. The morning session concluded with a paper on "Denominational Reading" read by Marion Yager, of Philadelphia, and an adjournment was taken until 8 p. m.

Won't Pay for Their Fun.

COLUMBUS, O., Aug. 19.—Ezra Bourne, Truman Jones, Perry Blake, William McCormack and other farmers of Butler county captured Charles E. Ross, an alleged horse thief, and putting a rope around his neck, drew him up on the limb of a tree, but finally let him go. He sued them for \$15,000 and got a verdict for \$8,000. The circuit court affirmed it yesterday and the defendants appealed to the supreme court.

Engineer Shot by a Yardmaster.

LITTLE ROCK, Aug. 19.—At 6:08 o'clock this morning Yardmaster Shaffer, of the Memphis and Little Rock railroad, shot and killed Engineer Joseph Hicks at Argenta. Engineer Hicks moved a yard engine in defiance of the yardmaster's orders, and the shooting was the result.

SPORTING EVENTS.

A Very Important Base Ball Deal.

CINCINNATI GOES TO MILWAUKEE

The Transfer Ratified at a Meeting Held in St. Louis—Louisvilles Will Remain in the Association—Result of Yesterday's Games—Other Sporting News.

St. Louis, Aug. 19.—At the special meeting of the American Association held at the Lindell hotel yesterday, the deal admitting Milwaukee to a permanent membership in the Association was ratified by a unanimous vote. The following resolution was unanimously adopted and placed on the records of the meeting:

RESOLVED, That the application of Milwaukee for membership in the American Association upon the terms and conditions named, this date, be and is hereby accepted with the express reservation that the Cincinnati club be retained in full membership, the latter, however, to transfer its dates to Milwaukee for the residue of the present season. The Cincinnati club is to retain full power in the American Association.

President Kramer tendered his resignation as president of the American Association, but by an unanimous vote of the Association it was rejected and the Association absolutely refused to accept it. Strong pressure is being made to have him reconsider it. F. H. Stucky, of Louisville, said his club had no thought of withdrawing from the Association, and would be in it for years to come.

Manager Cushman reached there early in the morning with the Milwaukee team and played in the afternoon. Schriver and Vickery were not with the team, they having been induced by Manager Jim Hart, of the Chicago League club, to join that team. The Milwaukee club signed Catcher Vaughn, Pitchers Mains and Dwyer, First Baseman Carney and Shortstop Canavan, of the Cincinnati team. Pettit will captain the team and Cushman will continue as manager, Bancroft being merely business manager.

It is given out by President Von der Ahe that the price paid for the Cincinnati franchise was \$12,000, of which \$6,000 was spot cash and the balance in notes.

Dickey Johnson will go over to the League-Pittsburg, perhaps—and Gus Schmelz has just offered Arthur Whitney a good-sized salary to go to Columbus.

Lefty Marr will go to Washington.

Racing at New York.

NEW YORK, Aug. 19.—The weather yesterday was threatening and rain fell at times, and in consequence the large crowd that was expected to witness the Omnibus stakes did not materialize, though a more than fair attendance was present. The Omnibus stakes, worth at least \$28,000 to the winner, was the third on the program. The horses when lined up at the post all appeared to be in good condition.

After several futile attempts they got the flag to a good start, and as they shot by the stand Kildeer held the lead, with Reckon, Bermuda, Sallie McClelland and San Juan next. When they swept around the first turn San Juan swept to the front and set a lively pace. At the top of the hill San Juan still held the lead, with Kildeer second, Bermuda, Reckon and Post Scout the next, and the others well bunched. They swept around the water tower turn in the same order and into the stretch, where San Juan had done, and Post Scout shot to the front with Kildeer Russell, San Juan and Rey del Rey next. Coming down the stretch it was the finest race of the season—everybody at whip and spur and each horse straining every nerve and muscle. Then the cry went up that it was Post Scout's race, but they were too early, for Rey del Rey came from among the bunch with a tremendous burst of speed, and, passing those in the front ranks one by one, won the best race of the year by half a length from Bermuda, who beat Post Scout by a neck. Time 2:38.

HORRIBLY MUTILATED.

The Body of a Prominent Citizen of Rockford, Ills., Found at Racine, Wis.

RACINE, Aug. 19.—The horribly mutilated body of Dennis McCue, a prominent citizen of Rockford, Ills., was found in the river here yesterday. The body was entirely denuded of clothing and one leg was off at the trunk; the foot on the other leg was missing; a long gash was in the breast, from which the lungs protruded, and the throat was cut, while a number of deep knife gashes were found on the face and hands.

McCue was last seen alive Friday. He then expected to leave for home the next morning. It is believed he was murdered and the body thrown in the river, but the supposition is that the dismemberment was caused by the body being caught in the wheel of some passing steamer. Mr. McCue was fifty-six years old and a prominent man in Rockford. It is said he usually carried a considerable sum of money.

PLEASURE PARTY DROWNED.

But One Escape from a Capsized Boat Containing Four People.

CINCINNATI, Aug. 19.—About noon yesterday a party consisting of two ladies and two gentlemen procured a boat at Dayton, Ky., just across the river from the east end of this city, and started out on the Ohio for a pleasure ride. The young men, not being experts at the oar, got in the swell of a passing steamer and the boat was capsized, three of the parties being drowned.

The drowned were: Miss Clara Feckheimer, 17 years old, daughter of J. M. Feckheimer, of Feckheimer & Amberg. Residence 485 Kemper Lane, Walnut Hills.

Emil Bloch, aged 18, son of the president of the Bloch Printing company. Residence 18 Summit avenue, Walnut Hills.

Laura Bamberger, aged 17, of Chicago. The lone person rescued was Mr. George Solomon, aged 17, of New York.

A Horse Thief Captured.

Charles Bernard, charged with horse stealing, was arrested this morning near the first toll gate on the Fleming pike. He was hired several days ago by Hutsell Bros., living near Millersburg, and disappeared Monday with a bay mare belonging to them.

Mr. James M. Hutsell started in pursuit yesterday morning and was joined by Mr. Rankins, of Carlisle. They followed Bernard to a point near the toll-gate last evening, but lost trace of him there. This morning they renewed the search and ran across him on the pike coming towards town. Hutsell had a shotgun, and soon made him surrender. Marshal Heflin and Deputy Joe Crawford were in hot pursuit of the fellow at time, and they took charge of him.

Bernard was given a hearing before Squire Grant, and was held for further trial. In default of \$500, he was sent to jail.

Winn Hord, a little son of Dr. W. H. Hord, was thrown from a horse a few days since and badly bruised. Becoming frightened at the rapid rate of the horse he let go of the bridle and immediately fell. His foot caught in the stirrup and he was dragged several yards. He is up and doing well.

A Traveling Man's Experience.

F. S. Verbeck, who represents the type foundry of Messrs. Barnhardt Bros. & Spindler, Chicago, says: "On my return home from a trip I found our little girl sick with summer complaint. I went to a drug store and procured a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. We gave her a few doses according to directions. She recovered in a short time and we were well pleased with the medicine." For sale by Power & Reynolds.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.
